

**The Official National List of Amphibians & Reptiles
Order**

- **Family**
 - *Genus (species-none listed) - common name*

Crocodylia

- **Crocodylidae** - crocodiles
- **Alligatoridae** – alligators and caiman

Testudines

- **Chelydridae** - snapping turtles
- **Kinosternidae** - musk and mud turtles
- **Emydidae** - box, pond and marsh turtles
 - *Clemmys* – spotted, bog, pond and wood turtles
 - *Terrapene* - box turtles
 - *Malaclemys* - diamondback terrapins
 - *Graptemys* - map turtles
 - *Trachemys* – sliders
 - *Pseudemys* – cooters & redbelly turtles
 - *Chrysemys* - painted turtles
 - *Deirochelys* – chicken turtle
 - *Emydoidea* – Blanding’s turtle
- **Testudinidae** - tortoises
- **Trionychidae** – soft shelled turtles

Squamata

SUBORDER LACERTILA - LIZARDS

- **Gekkonidae & Eublepharidae** – geckos
- **Polychridae** – anoles
 - *Anolis* - anoles
- **Iguanidae** – iguanids
 - *Iguana* – green iguana
 - *Dipsosaurus* – desert iguana
 - *Sauromalus* – chuckwalla
- **Crotaphytidae** – Collared lizards
- **Phrynosomatidae** – earless, spiny, tree, side-blotched and horned lizards
 - *Sceloporus* – spiny lizards
 - *Phrynosoma* – horned lizards
- **Teiidae** – whiptails
 - *Cnemidophorus* – racerunners and whiptails
- **Scincidae** – skinks
 - *Eumeces & Neoseps* – skinks
- **Anguidae** – glass lizards and alligator lizard
 - *Ophisaurus* – glass lizards
 - *Gerrhonotus* – alligator lizard
- **Helodermatidae** – gila monster

SUBORDER SERPENTES - SNAKES

- **Leptotyphlopidae** – blind snakes
 - *Leptotyphlops* – Texas & Trans-pecos blind snakes
- **Boidae** - boas
 - *Charina* – rubber boa and rosy boa
- **Colubridae** – typically harmless snakes

- *Nerodia* – water snakes and salt marsh snakes
- *Regina* – queen and crayfish snakes
- *Thamnophis & Tropidoclonion* – garter, ribbon, lined snakes
- *Heterodon* – hog nosed snakes
- *Diadophis, Carphophis & Rhadinaea* – ringneck, worm and pine woods snakes
- *Farancia* – mud & rainbow snakes
- *Coluber* – racers
- *Masticophis* – coachwhips and whipsnakes
- *Ophedryx* – green snakes
- *Drymarchon* – indigo snakes
- *Elaphe & Bogertophis* – rat, corn & fox snakes
- *Pituophis* – pine, bull and gopher snakes
- *Lampropeltis* – king and milk snakes
- *Tantilla* – crowned and blackhead snakes
- **Elapidae** – coral snakes
- **Viperidae** – (subfamily Viperinae) pit vipers
 - *Agkistrodon* – copperhead and cotton mouths
 - *Sistrurus* – pigmy and massasauga rattlesnakes
 - *Crotalus* – rattlesnakes

Caudata

- **Cryptobranchidae** – hellbenders
- **Proteidae** – mud puppies and water dogs
- **Amphiumidae** – amphiumas
- **Sirenidae** – sirens
- **Ambystomatidae** – mole salamanders
- **Salamandridae** – newts
- **Plethodontidae** – lungless salamanders
 - *Plethodon* – woodland salamanders & kin
 - *Eurycea* – brook salamanders
 - *Typhlotriton* – grotto salamander

Anura

- **Pelobatidae** – spadefoots
 - *Scaphiopus* or *Spea* – spadefoots
- **Bufo** – true toads
- **Hylidae** – tree frogs
 - *Acris* – cricket frogs
 - *Hyla* – tree frogs
 - *Pseudacris* – chorus frogs
- **Microhylidae** – narrow mouth toads & sheep frogs
- **Ranidae** – true frogs
